#### About the State Examination & Hiring Process:

The first step in the State hiring process requires you to take a competitive examination for each separate permanent job classification. Examinations may be written, interview, or performance-based and are designed to test the knowledge and abilities required for the classification. After you take and pass a State examination, you are ranked and placed on an employment list for that classification. Once you are placed on the employment list, you can apply for job openings in that classification. For more information on the State examination and hiring process, visit our website at <http://www.dfg.ca.gov/hrb/pages/jobswithdfg.htm>.
